

How to install the latest version of Ms Office on your private PC or MAC computers?

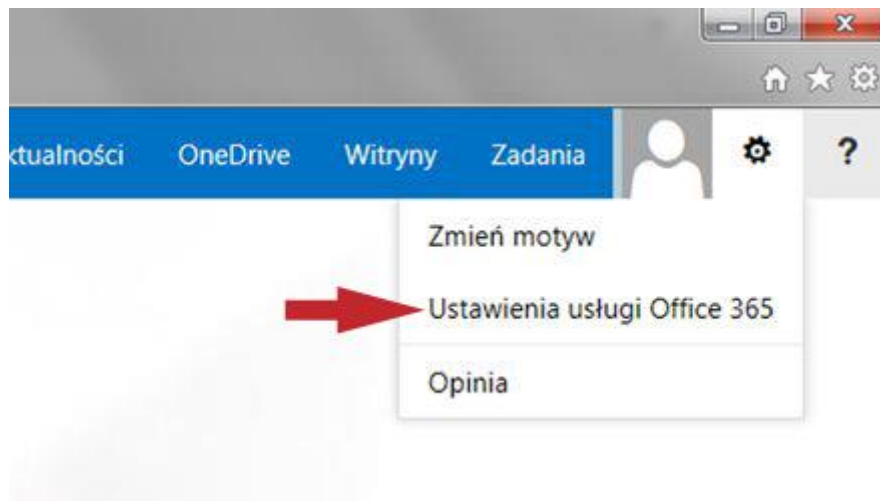

1. Go to website: <https://login.microsoftonline.com/>

2. Log in with username (username@student.sgh.waw.pl or username@doktorant.sgh.waw.pl) and password (the same as to Virtual Dean's Office).
3. Download Ms Office package from the website, that you can see just after log in.

4. You can also choose option “Ustawienia usługi Office 365”,

then "Oprogramowanie" and install software on your PC.
