

18.01.2019

**Annex to the instruction of the Dean of Bachelor Studies on change of field of study**

Due to the prolonged procedure of publishing of the Dean's instruction on change of field of study in Warsaw School of Economics for Bachelor Studies, in such way as to prevent effective change of field of study from spring semester 2018/2019, I introduce as additional point the following temporary regulation:

**In winter semester 2018/2019 the deadline for submitting the request for changing the field of study expires on 31<sup>st</sup> January 2019.**

The rest of the instruction remains unchanged and is available on our website
