

SELECTION RULES FOR QUALIFYING STUDENTS TO PARTICIPATE IN A JOINT CERTIFICATE PROGRAM - CENTRAL EUROPE CONNECT

I. INTRODUCTION AND GENERAL RULES OF QUALIFICATION

1. The regulations define the rules for qualifying undergraduate students of SGH to participate in THE JOINT CERTIFICATE PROGRAM - CENTRAL EUROPE CONNECT, hereinafter referred to as the Program.
2. The selection process is conducted by a Selection Committee nominated by the Head of the International Centre for the given academic year, hereinafter referred to as the Committee, consisting of the academic coordinator of the Program and a staff member of International Office responsible for the preparation and proper conduct of the selection process.
3. Students eligible for participation in the selection process must be enrolled in either the 2nd, 3rd, 4th or 5th semester of undergraduate studies. Participation of the 2nd semester students in the selection process is additionally conditioned by the possibility of calculating the average from the studies at the time of submitting the application.
4. The qualification for participation in the Program takes place according to the established recruitment schedule. An additional qualification is organized if more places are available.
5. The maximum number of students admitted to participate in the Program in the 2020/21 edition is 40 (20 students in the winter semester and 20 students in the summer semester). This number is each time determined by the Vice-Rector for International Affairs.

II. BASIC ELEMENTS AND CRITERIA FOR EVALUATING CANDIDATES TO TAKE PART IN THE PROGRAM

1. Knowledge of English at the level not lower than B2 confirmed by a certificate listed in Annex no 1 to Selection rules for exchange programs. Providing the certificate is a prerequisite for joining the recruitment.
Alternately, students may receive points for foreign language skills based on a commercial test or for a certificate of completion of the language course in SGH providing it contains final grade and assessment of the level of proficiency expressed in the ESOP/CEF scale listed in the table in Annex no 1 to Selection rules for exchange programs.
2. Grade Point Average (weighted) grades from the previous semesters of study of the candidate (at the end of the last semester, for which the DSL computer system has a calculated average). To take part in the selection, the candidate must have a minimum average of 3.40.
3. Motivation letter.

III. METHOD OF CALCULATING POINTS FOR DIFFERENT CRITERIA OF EVALUATION

1. Grade Point Average
For this element, the candidate may receive up to 40 recruitment points, which are calculated according to the following formula: $(\text{obtained average} - 3,40) \times 25$.

2. Motivation letter

For this element, the candidate may receive up to 10 qualification points awarded by the Commission's decision.

IV. STUDENT APPLICATION PROCEDURE

2. The assessment of the application is made by the Commission.

3. Incomplete applications are not considered by the Commission.

5. Student confirms via SGH e-mail his/her participation in the Program or about his/her resignation within three days from receiving the decision. Lack of confirmation means resignation from participation in the Program.

6. Student who resigns from the Program for a reason other than random, will not be able to apply for participation in the Program in the next academic year. Random causes include: illness that prevents the trip, death or illness of a close family member or sudden deterioration of the student's financial situation, properly documented.

7. The Commission's decision may be appealed by the student to the Vice-Rector for International Affairs within 3 days from receiving the decision.
